

MATCH SUSPENSION

by Jos Muller

The size of a small matchbox is enough to produce light. The multiple version is mesmerising as each element turns and finds its own way. The Match has a coloured or transparent detail. Due to the hole in the middle the colour of the light is not affected. Please specify the desired colour(s) with your order. (red, orange, yellow, green, light blue, transparent) For the round version see model Can

DIMENSIONS	LIGHTSOURCE	FINISH	TYPE.NR
