

COSMOS GLOBE

SUSPENSIONby Jan Pauwels

Cosmos Globe looks structured but still harmonious. Random placed LED circuit boards and tiny metal rods are the only two basic elements of this light fixture. They give the lamp its structure and shape. The circuit boards have leds on both sides. 2/3 of the light goes down and 1/3 goes up. Every Cosmos Globe is handmade, making every model unique. (see model Universe Globe for the version with E10 lamps)

| DIMENSIONS | LIGHTSOURCE | FINISH | TYPE.NR |
|----------------------|--|------------|-----------|
